# ULTRACARE

**Caring for People, Protecting the Planet**

# ABOUT US

Established in 2001, **Ultracare** is the region's leading manufacturer of hygiene tissue paper products. Known for our high-capacity production, operational agility, and unwavering commitment to quality and innovation, we continue to set benchmarks in the industry.

Our wide product range serves both retail and institutional customers. A trusted private-label partner, Ultracare is the first choice for businesses seeking reliable, consistent, and customized solutions.

As the hygiene industry evolves, so do we. Today, Ultracare offers a complete portfolio that includes tissue papers, dispensers, PPE disposables, and an eco-friendly Ultracare Green line. Our promise is simple: dependable delivery, exceptional quality, and service that exceeds expectations.

**10+** Countries Served

**25+** Years of Trusted Excellence

**500+** Loyal Customers

**5000+** Tons of Paper Converted Annually

**125000+** Dispensers Installed

# “Leading With Care

From The Founder

For over 25 years, Ultracare has been more than a manufacturer of hygiene products - we have been a true partner in care. What began as a small vision has grown into a trusted name in hygiene across the region, serving businesses that value quality, reliability, and responsibility as much as we do.

Our journey has been defined by growth and continuous learning, always guided by a core value - care. Care for our people, care for our partners, and care for the planet. This commitment has shaped our progress, turning every milestone into a step toward a more responsible and sustainable future.

We see sustainability not as an external demand, but as an internal responsibility. Every product we create - from tissues to dispensers made from recycled plastic to zero waste water soluble cleaning pods - is designed with care at its core.

Thank you for allowing us to be part of your journey. Together, we can make every choice count - for businesses, for people, and for the planet we share.

## Kiran Daryanani

Founder & CEO, Ultracare

“**Sustainability isn’t our response. It’s our responsibility.**

# What We Do

**Ultracare** is a leading manufacturer of professional hygiene products in the United Arab Emirates (UAE), offering a wide range of premium tissue papers to advanced dispensing systems. Headquartered in a state-of-the-art 36,000 sq. ft. facility in Dubai Investment Park, we combine global standards with regional expertise to provide consistent quality, competitive pricing and timely delivery. Trusted by top businesses across the region, Ultracare creates private-label solutions that help brands raise hygiene standards - while supporting a cleaner, greener future.

# ULTRACARE

## GREEN

# Ultracare Green

Rooted in the UAE, **Ultracare** brings over 25 years of expertise to reimagining hygiene with eco-friendly solutions. From bamboo to recycled tissue papers, eco-smart dispensers and water soluble cleaning pods, our product line redefines hygiene with innovation and sustainability at its core.

Through private-label manufacturing, we collaborate with global brands to bring their sustainable product lines to life - crafted with consistency and care.

## Why Bamboo?

NON-ALLERGIC

PARABEN FREE

SUSTAINABLY SOURCED

NATURALLY SOFT

## The Bamboo Difference

### Grows Quickly

Grows back in  
3-4 months

### Chemical Free

BPA-free & PFAS-free

### Low Water Use

Thrives with minimal water

### Ideal Raw Material

Tree-free; Perfect for  
strong, high quality paper

ULTRACARE

Disposables  
that  
respect  
the planet.

Clean with care - because sustainability is part of the solution.
